ASSISTANT PRINCIPAL

"An Illinois State Board of Education Model School District"

Student Name: _____

I give permission for my son/daughter named above to have possession of their electronic device on school district property. I have read and understand the District Policy pertaining to electronic devices below and understand my child will forfeit the right to have an electronic device on school property if they violate this policy.

Electronic Device Policy:

Possession of an electronic device by a student is a privilege, which may be forfeited by any student who fails to abide by the terms of this policy. **A student may possess an electronic device in school, on school property, at after school activities and at school-related functions, provided the electronic device remains off unless given permission to use.** Students must have a signed permission form on file with the school office to have the privilege to have an electronic device on school property. Students can use their electronic device if allowed for indoor recess or at their teacher's discretion.

Violations of this policy will result in confiscation of the electronic device and/or loss of the privilege to carry one. Parents will have to pick up confiscated electronic devices. The student who possesses an electronic device shall assume all responsibility for its care. At no time shall Indian Springs School District or Frank A. Brodnicki School Staff be responsible for preventing theft, loss, or damage to electronic devices brought onto school property.
